Introduction

Does circuit designing fascinates you?

This event provides and test the basic knowledge about electrical and electronic components with a twist of interesting quiz and constraints involved in circuit making.

Prize Money

1st Prize: 2,500

2nd Prize: 1,500

3rd Prize: 1,000

Problem Statement

Round 1

The first round will comprise of an interesting quiz to test basic concepts of electrical and electronics.

Round 2

In this round participant need to design and simulate fully functional circuit in EasyEDA. One has to design the circuit on the problem statement given at the time of competition with limited no. of components to be used in circuit. No. of components to be used for circuit designing will be assigned randomly.

General Rules

- Bring your college/student I-Card at the time of competition.
- Decision Taken by Judges will be final and binding for all.
- Any misbehaviour will lead you to disqualification from the competition.
- If less than 30 teams will be registered, then only first prize will be given and if less than 50 teams will register, only two prizes will be given.
