COFFEE WITH CODE
Code ne banadi JODI!

Introduction

This is an official summon to all the CP enthusiasts out there! We bring forth an interesting coding event with the most gripping problem statements but wait there's a twist. You don't enter the contest as a lone ranger but with a companion who will be randomly assigned to you 10 minutes prior to the competition. It's time to boast off your coding skills as you work alongside your code mate and make maximum submissions.

Prize Money
1st Prize: 2,500
2nd Prize: 1,500
3rd Prize: 1,000

Problem Statement
This is a 2-hour long coding competition consisting of 2 rounds with problem statements in English. For each round, the teams have to solve and submit their solutions in any language of their choice within the stipulated time.

Round 1

Firstly, a teammate will be assigned (based on the language preferences), 10 minutes before the competition and then 1 hour will be given for making submissions.
Round 2

The teammate will be the same as in Round 1 and 1 hour will be allotted for submissions.

General Rules
Participants have to register individually and the teams will be formed by the organizers.

➢ The contest will be conducted on CodeChef.
➢ The teams will be rewarded points based on the number of test samples solved.
➢ The teams will be ranked as per the number of problem statements solved and ties will be broken by the total time taken by each team.
➢ Plagiarism in any form is strictly prohibited and can even result in the disqualification of teams involved.
➢ Bring your college/student I-Card at the time of the competition.
➢ Decision Taken by Judges will be final and binding for all.
➢ Any misbehavior will lead you to disqualification from the competition.

➢ If less than 30 teams will be registered, then only the first prize will be given and if less than 50 teams will register, only two prizes will be given.

Team Specifications

➢ Participants have to register individually for the event and teams will be formed by the organisers.
➢ Any number of candidates can participate from one college/school.
➢ Participants are required to bring their school/college ID cards.
➢ Once registered, the same candidate cannot register with another name for the event.
➢ Organizers have the right to reject entries for any inappropriate username of candidate.
➢ Organizers must be notified if a candidate's username has been changed.
